CLEAT Bills Pass Senate and Progress Through House

CLEAT continues to push legislation to combat rogue District Attorneys, such as Travis County DA Jose Garza, who misuse their office. We are addressing this issue through bail reform bills, as well as legislation that would amend statutes that have been misused against law enforcement.

CLEAT priority bills **SB 781/HB 2486**, related to confidentiality of law enforcement personnel files, and **SB 1637/HB 2436**, related to the deadly conduct statute, are both progressing through each chamber, and our public affairs team continues to push these items forward at every stage of the process.

We have also been heavily involved in the dues check-off matter put forth by Senator Tan Parker in **SB 2330**, and continue to work on the language for **HB 4029** for our campus police officers and their retirement.

Legal Highlights

San Antonio Arbitration Win #1

CLEAT Supervising Attorney, Karl Brehm was successful in a recent arbitration which overturned a termination of an officer substituting such for a 45-day suspension. The officer was terminated and later criminally indicted after his on-duty encounter with a motorist led to officers making entry into the motorist's residence and a subsequent use of force incident as the driver refused to surrender to officers. The DAs handling of the criminal trial led to a mistrial and later dismissal. The officer returned to work after the Arbitrator expressed concerns whether "the officer's due process rights were properly honored by the department."

Portland PD Member No-Billed

A long-time CLEAT member from Portland PD received incredible assistance from CLEAT Staff Attorney John Bradshaw in a local high-profile case involving multiple investigations, a lengthy suspension, and likely considerable political pressure.

Thanks to the assistance from Bradshaw, this member, who had a stellar record for over 20 years prior, was recently **no-billed** and returned to duty without any additional punishment or new complaints.

The member was grateful for CLEAT's legal representation and pleased with the result.

San Antonio Arbitration Win #2

CLEAT Supervising Attorney Karl Brehm helped another member through a recent arbitration, and was able to get the officer's termination reduced to a 30 day suspension.

Travis County Legal Victory

Staff Attorney Brad Heilman recently attended a discipline meeting for a Travis County SOA member. Our member was up for termination; however, with the help of CLEAT Legal services, the termination was reduced to a temporary suspension.

Mesquite PA Fight for Fair Pay

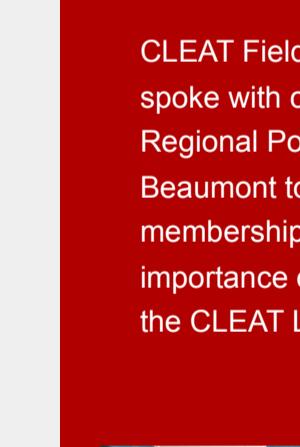

Executive Director Robert Leonard and General Counsel Jane Bishkin met with the president and vice president of MPA concerning fair pay.

CLEAT is proud to back them every step of the way. Together, we're fighting to ensure officers get the fair wages they deserve.
